SEMINAR NOTICE

THE KENYA SCHOOL OF LAW

STATUTORY INSTRUMENTS & REGULATORY IMPACT ASSESMENT

(ACCREDITED BY LSK FOR CPD POINTS)

THEME: *"Understanding Statutory instruments, mandate limitations, and jurisprudence"*
DATE: **23rd to 27th November 2026**
VENUE: **Naivasha**

COURSE OVERVIEW

Every government enacts laws, legislation, passes policies, promulgates regulations and rules in order to govern societal interactions. With regulations come many types of demands on individuals, organizations and their operations. These regulations, also referred to as statutory instruments, are administered by bodies established to enforce compliance independently or with oversight by a government organization. The regulations have a cost on the economy, people, businesses, government, etc., but what is important is that the cost should not exceed the benefits.

Regulators and oversight agencies carry out regulatory compliance by interpreting regulations to enable the understanding, compliance and conformance by the regulated entities. They also carry out inspections to monitor compliance, enforce penalties to punish defaulters, and engage in consultations with regulated parties to address issues arising out of the process. Enforcing regulatory compliance does not come without challenges. It requires the establishment of strategies and systems to monitor and enforce compliance.

A regulatory impact assessment (RIA) analyses the likely benefits and costs associated with the introduction of a new policy, a regulatory proposal or a statutory instrument.

Participants shall be capacitated to:

- Interface public policy and the Law.
- Appreciate the procedure for processing statutory instruments in Kenya.
- Explain case law and jurisprudence on delegated legislation in Kenya.
- Apply RIA tools into legislative and regulatory processes within their institutions.
